Governor is the highest official of Sverdlovsk region, the head of executive power of the territory.

According to the Charter of Sverdlovsk region, Governor has the following main powers:

- he represents interests of the region in the Government of RF, federal bodies of executive power, in relations with other subjects of RF, and also according to RF legislation he can get into relations with corresponding bodies and officials of foreign states and sign the necessary documents;
- works out the budget, submits it to the approval of the regional legislative body and provides for its execution;
- forms the bodies of executive power of the region in accordance with the legislation of the region;
- designates to positions and relieves of positions heads of administrations of cities and districts and also takes decisions on applying measures of disciplinary responsibility to them, if in the order foreseen by the legislation of RF they are not attributed to the bodies of local self-government;
- solves questions about representation of bodies of executive power of the region by the President of RF, Government of RF and bodies of executive power of other subjects of RF.

Legislature

Chairman of Regional Duma of Legislative Assembly of Sverdlovsk region
Voronin Nikolay Andreevich

The Regional duma consists of 28 deputies, elected for the four-year period. Every two years half of deputies of Regional duma are re-elected. Re-election of half of deputies of Regional duma does not suspend its powers. In case of dissolution of Regional duma, in accordance with the existing Charter its powers are stopped. Deputies of Regional duma fulfill their functions on professional base and get adequate salary. The structure of Regional duma of Assembly foresees positions of chairman and two of his deputies. Four committees have been created: on matters of legislation, social security and local self-government; on industrial, agrarian policy and usage of natural resources; on budget, finances and taxes; on social policy.

Chairman of the House of Representatives of Legislative Assembly of Sverdlovsk region
Osintsev Yuri Valeryevich

The House of Representatives of Legislative Assembly consists of 20 deputies. The term of deputies' powers is four years. The deputies of the House of Representatives fulfill their functions on not permanent staff base, except for the Chairman and his deputy.

The structure of the House of Representatives foresees four commissions: on regulations of the House of Representatives and realization of intergovernmental activity; on observance of

regional legislation and matters of social security; on legislative provision of reforms of housing and communal services; on development of small and medium-scale business and their legislative ensuring.

Exhibition complexes and business-centers

An important stimulus of socio-economical development of Sverdlovsk region is establishment of a powerful exhibition complex. Today Sverdlovsk region has several exposition fields:

- Demonstration-exhibition complex in Nizhni Tagil (the area is 7,5 thousand sq. m) is intended for conducting specialized exhibitions of armaments and military equipment RUSSIAN EXPO ARMS (is held once every two years under the patronage of Russian ammunition agency);
- Exhibition complex “Uralexpocenter” (the area is 2,5 thousand sq. m) specializes mainly in thematic exhibitions;
- KOSK “Russia” (the area is 2 thousand sq. m) has the experience of conducting international exhibitions;

– Exhibition hall of the Palace of game kinds of sports (the area is 3 thousand sq. m) has all the necessary infrastructure for conducting exhibitions, conferences and seminars of the international level.

Center of International Trade Ekaterinburg (CMTE) has been working for several years already in Sverdlovsk region. It is the most modern business-center in the Ural federal district, rendering the entire complex of business services for successful activity of enterprises and companies. The main mission of the Center of International Trade Ekaterinburg is assisting foreign economic activity of enterprises and companies of Sverdlovsk region.

At present the Government of the region has made a decision about construction in Ekaterinburg of a “Trade-exhibition complex of Sverdlovsk region” with the area of 100 thousand sq. m, including congress-center with all associated infrastructure. Construction of this center will allow to ensure the growing demand for specialized exhibition and fair fields, the level of rendering services of which will conform to Russian and international standards.
